

Arne Jacobson

Assistant Professor, Environmental Resources Engineering
Graduate Coordinator, Energy, Environment, and Society
Co-Director, Schatz Energy Research Center
Humboldt State University

Research Interests

Arne's research interests include renewable energy, international development, and the equity dimensions of energy access in a carbon limited world. His work is interdisciplinary, combining expertise in renewable energy engineering and energy policy with a social geography based approach to development studies. He has extensive international work experience in Africa, India, and Latin America, including his research over the past nine years on the social dimensions of rural electrification with solar energy in Kenya.

Education

Ph.D. (2004) Energy & Resources Group
University of California, Berkeley

M.S. (1997) Environmental Systems
Humboldt State University

B.A. (1990) Physics – Earlham College
