

HEALTH PLAN USER TOOL - 2010

CalPERS, in conjunction with Pacific Business Group on Health (PBGH), is offering a health plan chooser tool on their website. This is an online service that can assist you in making your health plan decisions. It does not "choose" a health plan for you, but it does lead you through the decision process and creates results that allow you to compare and contrast available health plans.

Once you access CalPERS' website you may access the link for the health plan chooser tool at: <http://www.calpers.ca.gov/index.jsp?bc=/member/health/2010-health-info/choosing/home.xml&pst=ACT&pca=ST>

After reading "Getting Started", choose the **2010 Health Plan Chooser**. You will be directed to the PBGH website and after answering a few questions the chooser tool will allow you to view the majority of CalPERS health plan information in one place, compare plans side-by-side and rank each plan based on personal preference.
