BOOKS

The Environmental Politics of Sacrifice. MIT Press, forthcoming.

Co-Editor with Michael Maniates. First book to examine the constraints and opportunities afforded by the contested concept of “sacrifice” in contemporary environmental politics and theory.

Interdisciplinary contributions by scholars from political theory, environmental studies, international relations, religious studies.

[*Political Nature: Environmentalism and the Interpretation of Western Thought*](#). MIT Press, 2001.

A critical exploration and reconstruction of the relationship between western conceptions of nature and politics and its importance to contemporary environmental politics. Sustained attention to the ideas and interpretation of Aristotle, Hobbes, and contemporary environmental thinkers. [“[Choice Outstanding Academic Title for 2002](#),” American Library Association. Also reviewed in: *Alternatives*, *American Political Science Review*, *Australian Journal of Political Science*, *Contemporary Political Theory*, *The Ecologist*, *Electronic Green Journal*, *Environment*, *Environmental History*, *Environmental Politics*, *Global Environmental Politics*, *Journal of Applied Philosophy*, *Journal of Politics*, *Journal of Political Ecology*, *Organization and Environment*, *Political Science*, *Philosophy and Geography*, *Philosophy in Review*]

[*American Indians and U.S. Politics*](#). Foreword by David Wilkins. Praeger, 2002.

Editor. Wrote general and section introductions, selected contributions, and organized material. Chapters examine tribal sovereignty, property, citizenship, constitutional interpretation, and intergovernmental relations.

WORK IN PROGRESS

Environmentalism as Social Criticism. Single-authored book project.
