Bids may be submitted by telefacsimile to 707-826-3312 or emailed to agd7001@humboldt.edu prior to the specified opening time. Humboldt State University assumes no responsibility for delay in delivery of the bid by any means.

Contractor agrees to the provisions as well as the other provisions contained in the Contract. In these General Provisions, the Trustees of the California State University are referred to as "CSU" or "University." The terms "bid" and "proposal" are synonymous, as are the terms "Contract" and "agreement." The terms "Bidder", "Proposer", and "Contractor" are also used interchangeably and each shall apply to the business entity which submits a bid/proposal or is awarded a contract. The items listed in the Supplementary General Provisions supersede those listed in the CSU General Provisions for Service Acquisitions.

Preparation of Bids and Proposals:

- (a) It shall be bidder's responsibility to examine any drawings, specifications, and instructions.
- (b) All prices and notations must be word-processed, printed in ink, or typewritten.
- (c) Brand names: Any reference to brand names and numbers in the bid solicitation is intended to be descriptive, but not restrictive, unless otherwise specified. Bids on equivalent items meeting the indicated standards of quality will be considered, unless otherwise specified, providing the bid clearly describes the article offered and how it differs from the reference brands. Unless the bidder specifies otherwise in the bid, it is understood that the bidder is offering a referenced brand item as specified in

the bid solicitation. The University reserves the right to determine whether a substitute offer is equivalent to and meets the standards of quality indicated by the brand name references; the University may require a bidder offering a substitute to supply additional descriptive material and a sample.

- (d) Time of delivery (whether a commodity or a service) is a part of the bid and must be strictly observed. Time, if stated as a number of days, shall mean calendar days.

Submission of Bids:

- (a) Whenever the University so designates, bids must be signed and sealed, with the bid number, bidder's name and address, and closing date, on the outside of the envelope.
- (b) Bids or partial bids, and modifications or corrections thereof received after the closing time specified may not be considered.

Revisions in Bid Solicitation: In the event a bidder believes that the University's bid solicitation is unfairly restrictive or has substantive errors or omissions in it, the matter must be promptly brought to the attention of the University's procurement office, either by telephone, telegraph, letter, or visit, immediately upon receipt of the bid solicitation, in order that the matter may be fully considered and appropriate action taken by the University prior to the closing time set for bids.

Award of Contract:

- (a) Contracts will be made or entered into with (1) the lowest responsible bidder meeting specifications, (2) the bidder with the highest score attained at the end of a competitive evaluation process, or (3) as otherwise specified in the bid solicitation. The University reserves the right to determine the results of the prescribed evaluation process and the awardee.
- (b) Unless the bidder specifies otherwise in the submitted bid, the University may accept any portion or group of items or services offered in the bid, or accept none of them at all.
- (c) The University reserves the right to reject any or all bids and to waive informalities and minor irregularities in bids received.

No bid will be entertained from a person, firm or corporation who has not been licensed in accordance with the provisions of the Business and Professions Code.

A contract will be deemed to exist when a Standard Agreement has been signed by the University and the Contractor, and approved by the Trustees of the California State University, Long Beach, California, and the State Department of General Services in Sacramento, California, if applicable.

CSU GENERAL PROVISIONS
for
SERVICE ACQUISITIONS

20. Waiver of Rights

Any action or inaction by the CSU or the failure of the CSU on any occasion to enforce any right or provision of the Contract shall not be construed to be a waiver by the CSU of its rights hereunder and shall not prevent the CSU from enforcing such provision or right on any future occasion. The rights and remedies of the CSU provided herein shall not be exclusive and are in addition to any other rights and remedies provided by law.

Furthermore nothing in this Contract shall be construed as endorsement of any commercial product or service by the CSU, its officers or employees.

22. Patent, Copyright, and Trade Secret Indemnity

A contractor may be required to furnish a bond to the CSU against any and all loss, damage, costs, expenses, claims and liability for patent, copyright and trade secret infringement. In addition:

- (a) The Contractor, at its own expense, shall defend any action brought against the CSU to the extent that such action is based upon a claim that the product supplied by the Contractor or the operation of such product infringes a United States patent or copyright or violates a trade secret. The Contractor shall pay those costs and damages finally awarded against the CSU in any such action. Such defense and payment shall be conditioned on the following:
 - (i) That the Contractor shall be notified within a reasonable time in writing by the CSU of any notice of such claim; and,
 - (ii) That the Contractor shall have the sole control of the defense of any action on such claim and all negotiations for its settlement or compromise, provided, however, that when principles of government or public law are involved, the CSU has the option to participate in such action at its own expense.
- (b) Should the product, or the operation thereof, become, or in the Contractor's opinion is likely to become, the subject of a claim of infringement of a United States or foreign patent or copyright or a trade secret, the CSU shall permit the Contractor at its option and expense either to procure for the CSU the right to continue using the product, or to replace or modify the same so that they become non-infringing provided such replacement or modified product satisfies the performance requirements specified in the Contract. If none of these options can reasonably be taken, or if the use of such product by the CSU shall be prevented by injunction, the Contractor agrees to take back such product and make every reasonable effort to assist the CSU in procuring a substitute product. If, in the sole opinion of the CSU, the return of such infringing product makes the retention of other products acquired from the Contractor under this contract impractical, the CSU shall then have the option of terminating the contract, or applicable portions thereof, without penalty or termination charge. The Contractor agrees to take back such product and refund any sums the CSU has paid Contractor less any reasonable amount for use or damage.

23. Compliance with NLRB Orders

Contractor declares under penalty of perjury that no more than one final, unappealable finding of contempt of court by a federal court has been issued against the Contractor within the immediately preceding two-year period because of the Contractor's failure to comply with an order of a federal court which orders the Contractor to comply with an order of the National Labor Relations Board. This provision is required by, and shall be construed in accordance with, Public Contract Code Section 10296.

24. Examination and Audit
