DAY OF DATA SCIENCE

Curious about data science?

Whether you're exploring career options, eager to sharpen your coding skills, or hoping to connect with others interested in data, come see what data science has to offer at Cal Poly Humboldt's Day of Data Science!

Date: Saturday, May 10, 2025
Location: BSS 312
Time: 9:00 AM – 12:30 PM

Event Schedule

9:00 – 9:45 AM | Special Topics Sessions

Hands-on coding workshops where you can learn to use tools like GeoPandas and Google Earth Engine. If you have a laptop, bring it along! If not, no worries—you can still participate.

10:00 – 11:00 AM | Industry Panel Q&A

Hear from data science professionals and ask questions about what careers in data science are like.

11:15 AM – 12:00 PM | Laptop Lightning Talks

A showcase where students from any major share how they've worked with data—whether in research, coursework, or personal projects. It's an opportunity to practice presenting and get inspired by others' work.

### 12:00 – 12:30 PM | Social & Networking

Connect with students, faculty, and professionals from Amazon Web Services, Lineage Logistics, Climate LLC, Cal Poly Humboldt's Institutional Research Analytics and Reporting team, and the California Department of Public Health.

Present Your Work

Are you using data in your studies, research, or projects? Share your work in the Laptop Lightning Talks session. Students from all disciplines are welcome!

Want to present in the Laptop Lighting Talk session?
