Welcome Back!

COMMUNITY AND BELONGING FAIR, SEPTEMBER 11

Its important for students to have a sense of place on campus. It is how we thrive together. The Community and Belonging Fair was filled with diverse clubs and associations ranging from anime club to Green Campus. This event gave students the chance to expand thier minds by getting involved with a variety of interests. OhSnap offerred produce to students. There was also a thrift clothing sale.

CONVIVIO DE BIENVENIDA, SEPTEMBER 15

Cultural awareness and togetherness of Latin communities in Humboldt county were exemplified on this day. Convivio de bienvenida means come together. In times of distress its good to celebrate each other because sometimes that's all we have as a community. This event was fun, exciting, and filled with music and activities.

OPEN HOUSE, September 13

CCAT kicks the new semester off with the OPEN HOUSE. Friday was packed with info sessions, student made appropriate technology projects, and fun activities. **HERE'S WHAT YOU MISSED OUT ON:**

Garden Tour

CCATs gardener, Sebastian Forward, took students on a nature walk through the garden on the grounds. "Wow out of 10"- Says Cassidy Fosdick, an environmental science student, "It's really cool that they have crop varieties from all over the world."

Northern California is known for having a climate that can grow diverse types of plants native to locations all over the world.

Scavenger Hunt

The CCAT scavenger hunt took students on an interactive journey to learn about the different features on the grounds. At one of the stations, CO- Director Benjamin Nguyen started players off at the Tool Shed. You can rent just about anything inside. HSU freshman Adam said this station was his favorite part-"I'm going to build a ladder". Upcycled wood is also available at the resource reclamation station, which is adjacent to the tool shed. Other stops included the yurt, the CCATs giant compost bin, and the Greenhouse, where students were informed that they were standing on Wiyot land.

Tabling

Greenhouse Club

The Greenhouse is "the big dome," located on campus near the wildlife building.

The greenhouse club raises funding to keep the place functioning. Members sell plants cultivated from the house and custom pin- on buttons. Check out the club at the Greenhouse on **volunteer Fridays from 10-3 PM where there will be nature walks and social gatherings.**

Mycology Club

Calling all Fungiphiles or anyone interested. There is a magical place filled with mushroom wonder.

"The Mycology Club's purpose is to educate students about local species of fungi, as well as organize expeditions to locate them in the wild."- Mycology Club Orgsync

The next meeting is September 25th at 5 PM at the CCAT lounge. See you there!

Appropriate Technology Transfer

AT Transfer Magazine

AT transfers are a collection of short stories, poetry, features, artwork, and narratives all shared by students and the community, compiled and featured in CCAT's annual **AT Transfer magazine**. We are seeking writers and creators to contribute to our 41st annual edition! You do not have to be a published writer to apply, but you must be able to present samples of your work in order to be considered. The AT Transfer also requests that contributors be passionate for social and environmental justice.

If you would like to learn more about how you can get involved with the next collection, please **visit the external branch office hours at CCAT from 3-4 every Monday or email ccat@humboldt.edu**.

FALL 2019 APPROPRIATE TECHNOLOGY TEASERS

@ THE CAMPUS CENTER FOR APPROPRIATE TECHNOLOGY

<p>WEEK 5 9/27</p> <p>Talking About Compost:</p> <ul style="list-style-type: none"> - Vermicompost - 3 Bin System - Anaerobic Compost - Compost with Pigs - Bokashi?? / EM?? 	<p>WEEK 7 10/11</p> <p>Rainwater Catchment:</p> <ul style="list-style-type: none"> - Catchment Surfaces - Developing Your Own System - Calculating Catchment Potential and Storage Needs

EVERY FRIDAY from 10
to 4 PM

Upcoming Workshops

CCAT PRESENTS...
OUR FIRST THINKSHOP

JOHN WATERS

THE HSU FAST INITIATIVE WILL INTRODUCE, ENCOURAGE, AND ORGANIZE PEACEFUL STUDENT ACTIONS ADVOCATING RESPECT FOR SCIENCE, UNIVERSAL HEALTH CARE, AS WELL AS GOVERNMENT SUPPORTS FOR CHRONICALLY DISADVANTAGED CHILDREN AND ADULTS, PLUS OTHER PROGRESSIVE HUMANITARIAN ACTIONS.

JOHN WATERS WILL INTRODUCE DIFFERENT PUBLICATIONS AND AUTHORS, AS WELL AS HIS OWN ORIGINAL POSTGRADUATE STUDIES AT HSU. JOHN ALSO WILL ENCOURAGE INDIVIDUAL THINKSHOP PARTICIPANTS TO INTRODUCE THIS SUBJECT IN THEIR CLUB ACTIVITIES, THEIR SPEECH AND WRITING CLASS ASSIGNMENTS, AND IN THEIR SOCIAL MEDIA CONTACTS.
