AUDIT INFORMATION

- You may audit any credit-bearing class without taking an examination or receiving a grade.
- Attendance at all classes is expected. You will pay the same fee as a credit enrollee.
- You may not change from audit to credit status after instruction has begun.
- A grade of "AU" will appear on the final grade roster, and the course and the "AU" grade will appear on the permanent record (transcript).
- There are no grade points earned nor are the units counted in earned, attempted or GPA hours.
- Audited courses are not eligible for inclusion in the determination of full/part-time status.

CREDIT/NO CREDIT GRADING OPTION INFORMATION

- To take a course credit/no credit in place of a letter grade, complete this form and return it to the College of Extended Education before half the course has elapsed.
- Note that only one class per semester may be changed to this mode, no classes in the major area, and only 24 units of credit/no credit units (both mandatory and optional units) may be applied towards an undergraduate degree.
- A "CR" grade will be recorded for an undergraduate course if the earned grade is C- or above, and B- for graduate courses.
