## FEE PROJECTION WORKSHEET

It's important to accurately plan for your overall investment in your college degree. Use this sheet to estimate the overall cost of Cal Poly Humboldt's Leadership Studies Degree Completion Program. You can customize your cost based on full-time, three-quarter time, or part-time attendance. As an example, the majority of LDRS students take 9 units during the semester, and 6 units in the summer, in order to graduate in 2 years (6 terms). If you plan to take 1 class every 8 weeks, that would be 6 units during the semester, and 3 units in the summer, with a graduation timeline of 3 years (9 terms).
