Resolution Regarding Changes to the *Athletics Grants-in-Aid Policies and Procedures Manual (March 2005)*
#23-04/05-SA – May 3, 2005

Resolved: That the Academic Senate of Humboldt State University accepts and recommends to the President the changes to the *Athletics Grants-in-Aid Policies and Procedures Manual (March 2005)* put forward by the Athletics Compliance Committee as follows:

1 Updated student-athlete employment procedures to reflect changes in NCAA legislation:

(i) Language added: Student-athletes are informed about the NCAA employment rules by signing a statement on the Eligibility Questionnaire agreeing to report employment to the Compliance Coordinator if they are employed off-campus during the academic year and are paid for work they did not perform, or are paid at a rate higher than the going rate for similar employment in the area or if their employer uses their athletics reputation to promote the sale of their employer's products or services (p 11).

(ii) This language and procedure replaces the Student Employment Update form that was out of date with NCAA requirements.

2 Changes in local procedures to mirror processes that have been worked out during the last year including;

(i) Changes in posting of athletic grants to Banner

(ii) Minor changes in the responsibilities for award letter procedures shifting the direction of flow of information between the Athletics Secretary and the Financial Aid office

(iii) Squad list updates reflecting changes in NCAA recommendations for squad list form

3 Changes in the Appendices to the document so the forms reflect the policy changes

Rationale: *The changes represent appropriate responses to changes in the NCAA legislation and recommendations as well as representing changes in local processing procedures necessary to improve the management of paper work and information. The changes do not reflect any change to the spirit or intent of the development of the Grants-in-Aid policies and procedures.*
