

SUBCONTRACTOR TECHNICAL PREQUALIFICATION QUESTIONNAIRE

This subcontractor technical prequalification is valid <u>only</u> for above-mentioned project and will not be considered as a basis for prequalification on other projects in the California State University System. Note that all prospective general contractors must be financially prequalified with the Trustees. Contractors shall register and log in to "PlanetBids" to apply for prequalification at <u>http://www.calstate.edu/cpdc/cm/contractor_prequal_bidders.shtml</u>.

Complete and submit all information and forms on the following pages to the Trustees' Prequalification Coordinator. Direct any questions regarding prequalification to the Trustees' Prequalification Coordinator at the following address and phone number:

California State University, Chancellor's Office Capital Planning, Design, and Construction Telephone: (562) 951-4114 Email: <u>cocm.prequal@calstate.edu</u>

Once your firm has been technically prequalified for this project, your firm's name will be posted to a list of technically prequalified general contractors which will be published via addendum by

This Subcontractor Technical Prequalification Questionnaire was submitted by:

Company Name, No. of years in business

Street Address, City, State, Zip Code

CSLB License No.

Expiration Date

Classification(s)

DIR Public Works Registration #

Contact Name

Email Address

Telephone Number

Mobile Number

Each subcontractor must answer all of the questions contained herein and on each Project Data Sheet. Subcontractors shall fill out all information fields accurately, completely, and truthfully. Any general contractor that fails to do so will be deemed non-responsive and will not be technically prequalified to bid this project. The decision from the Trustees is final and may not be appealed.

I. CONSTRUCTION EXPERIENCE

II. SUBMISSION

It is the responsibility of each subcontractor to submit the Project Data Sheets and necessary attachments for each project identified to the CSU, Chancellor's Office, Capital Planning, Design and Construction, Attention: Prequalification Coordinator, at the following email address: <u>cocm.prequal@calstate.edu</u>.

Note: Should a subcontractor submit an incomplete and/or unclear Technical Prequalification Questionnaire, that general contractor will be deemed non-responsive and will not be technically prequalified.

SUBCONTRACTOR TECHNICAL PREQUALIFICATION QUESTIONNAIRE

Composite Safety Score:

SAFETY QUALIFICATION: Provide the Average Lost Workday Incident Rates, Average Recordable Incident Rates and most recent Experience Modification Rate in the spaces provided on this page. In addition, each Trade Contractor is required to submit complete copies of OSHA form no. 300 and form no. 300A under item 5 of this section.

The Average Lost Workday Incident Rate (LWIR) and the Average Recordable Incident Rate (RIR) are requested for evaluation of the safety history relating to subcontractor's construction operations only. Home office staff labor hours and the corresponding injury and illness figures for home office staff shall not be included in the calculation of these rates. Similar information for parent companies, subsidiaries, or other company divisions not directly engaging in construction activities shall not be considered in these rate calculations. All data used in the calculations shall be specific to the contracting entity listed on page 1; inclusion of data from sub-tier contractors is not acceptable.

The Experience Modification Rate (EMR) is established by the subcontractor's worker's compensation insurance carrier, and is based on the Trade Contractor's loss history. <u>Trade Contractors are to provide their Intrastate EMR</u>, which is used for evaluation of Trade Contractors in the State of California. Provide all requested information in the spaces provided.

Important Note: Small firms that have less than ten employees and report an average Total Employee Hours Worked that is less than 20,000 hours, are not required to report recordable incidents and lost workday incidents for their firms herein. Instead, these firms shall submit their most current year of Intrastate EMR or a copy of their worker's compensation insurance carrier's documentation of their most current year of Intrastate EMR, and must have an EMR of 1.00 or less to prequalify.

Please enter the "Total Employee Hours Worked" FIRST when filling in electronically.

1. Average Lost Workday Incident Rate (LWIR). Calculate your firm's LWIR for the past three (3) complete years. The lost workday information is listed on your OSHA forms no. 300 and 300A and is available from your worker's comp. insurance carrier. LWIR = Total number of lost workday incidents X 200,000

		Total employee hours worked	
Year	# of Lost Workday Incidents	Total Employee Hours Worked	Lost Workday Incident Rate
1-20			
2-20			
3-20
