

CAL POLY HUMBOLDT

April 16, 2026

To All Prospective Bidders

SUBJECT: IFB #PW26-1, Task Order Construction Agreement RFQ

Addendum #1

The following changes, omissions and/or additions to the Bidding Documents shall apply to proposals made for and to the execution of the various parts of the work affected thereby and all other conditions shall remain the same. In case of conflict between Bidding Documents and this Addendum, this Addendum shall govern.

1. Bid Proposal Submittal Due Date

Proposals Submittal due date has not changed and remains Thursday, May 28, 2026 by 3:00 p.m.

2. Revision to Section 4.2 Requirements for Qualifications

The Respondent's available prequalification rating (rating minus receivables on any current contracts held with the Trustees) for the TO-CA-MEA has been updated from 'must be \$7,000,000' to **\$10,000,000 or greater**.

3. Questions & Answers

Question 1: Will the University accept Design, Bid, Build (DBB) project examples for RFQ Tab #8? This is the overwhelming majority of project delivery methods in our area, and we would like to see our vast experience in public works projects be included in our response. Additionally for Tab 8, will the University accept LLB projects in addition to DB and CM projects?

Answer 1: The intention of Tab #8 in the RFQ is to build confidence that the GC/AE team has experience that is relevant to being able to execute the list of projects listed within this portfolio, as well as experience that directly relates to the roles and responsibilities within the DB and CMar delivery methods for each partner. Scoring will be based on how well this experience is demonstrated.
