- III. Subgroup Update
 - a) We are a little behind. Wrapping up loose ends on accountability end. We will need to pick up the MS and IRA fees, keep momentum.
- IV. IRA budget update FYI
 - a) Preference this year was to have an update on it but it is not something this group oversees. But it's a good idea to have a crossover .
 - Kendra - as a committee we decided to look at the travel and cut that. Programs with 10 students or less got funding cut. Also brought up with the committee. In our charge it says we are supposed to look at athletics in our IRA committee.
 - Amber - lets definitely incorporate that into our reviews and need to circle back.
